EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 25-30 have been cancelled.

Claims 6, 7, 11, 12, and 20-24, have been rejoined and allowed.

Claim 5, line 1, "5" has been changed to -4--.

The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of claims 1 and 17 is the inclusion of the base having a tab, the tab projecting into the aperture and having a hole for receiving a fastener, the sides of the base supporting a locking section having a locking ledge on the outside of the side at the top and a locking ramp above the top of the side which slopes downwardly to the locking ledge, and a top member having sides that support a locking bar extending into the aperture that locks over a locking ledge of the base. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
